Sir:

This is in response to the Notice of Allowance mailed July 17, 2009. The issue fee and the publication fee are being submitted herewith.

Attached hereto is a copy of a document that appeared in the image file wrapper since the Notice of Allowance was issued. This document is the one-page document with a Mail Room date of August 20, 2009, a document code of "1449," and a document description of "List of References cited by applicant and considered by examiner." This document is a copy of the List of Copending Applications from the Information Disclosure Statement of March 30, 2004, that was initialed, signed, and dated by Girumsew Wendmagegn on December 17, 2007, and attached to the Office Action of February 4, 2008, but with some additional changes dated August 20, 2009, made by someone with the initials "TS," who presumably works in the USPTO Office of Data Management, the successor department of the Office of Patent Publication.

"TS" erroneously changed the filing dates of Application Nos. 10/165,427, 10/170,419, and 10/277,094 listed in the List of Copending Applications to the publication dates of these

applications. The applicants cited the applications, not the publications of the applications, and accordingly it is submitted that the applications and their filing dates should be listed in the "References Cited" section of the patent that is to issue from the present application. Therefore, it is respectfully requested that the handwritten publication dates entered by "TS" under the heading "Filing Date" in the List of Copending Applications be changed back to the filing dates of the applications so that the filing dates will be listed in the "References Cited" section.

Respectfully submitted,

STEIN MCEWEN, LLP
